Madison, WI - “Today’s U.S. Supreme Court decision is heartbreaking, but unfortunately expected. The conservatives on the Supreme Court have overturned 50 years of precedent. For years they complained about judicial activism, well now we know it was nothing but a smokescreen to get to their desired results, results that are opposed by the overwhelming majority of this nation’s citizens. A sad day, and a harbinger of what might be in store in the future. What is next? The right to marry? The right to contraceptives?”
