To Whom it May Concern,

I would like to take a moment to remind the great men and women of Wisconsin what today symbolizes. We must never forget the sacrifice of those who have gone before us. They fought so that we can have privilege to exercise our duty to vote. The current representative of the 63rd Assembly district has made it abundantly clear to the people of the great state of Wisconsin that "he can do nothing" of substance to protect your vote. Today is about freedom.

I have a better plan. Let's take a stand for those who have gone on before us and for our grandchildren. Let's determine here and now that we will NOT let anyone break our laws or ignore the constitution. I say we first dissolve the impotent mess that is the Wisconsin Elections Commission, WEC. Secondly, we must re-write the election laws in our state to remove any ambiguity and to add teeth to the new laws we write. This will ensure that YOUR VOTE COUNTS.

The plan can be stated in eight words: in person, on paper, hand count, one day. We don't need any attorneys to tell the people what that means. It is time for the people to stand up and let their voice be heard.

Please remember to get out and vote today.

Adam Steen
Candidate for the 63rd Assembly District
