October 19, 2022 - The Lincoln Project released a new ad warning voters how Tim Michels wants to send women back to pre-civil war 1849, where abortion is illegal and only white men could vote. A Michels governorship will see a radical extremist take power who will fight a culture war rather than govern.

You can watch the ad [here](#). The ad buy targets affluent moderate women and parents of children who are college age that have shown movement in other races.

“Tim Michels is an ultra-MAGA extremist who will crush individual liberty if elected,” said Reed Galen, co-founder of the Lincoln Project. “When a candidate says things were better in 1849, he isn’t going to stop at just abortion. He is a Trump sycophant only interested in re-litigating the 2020 election and pushing a radical agenda that destroys our democratic institutions. Every Wisconsinite who cherishes individual freedom and good governance must stop Michels in November.”

The Lincoln Project is a leading pro-democracy organization in the United States — dedicated to the preservation, protection, and defense of democracy.
