DA Eric Toney is endorsed by Wisconsin Right Life. See below his statement on the leak of a potential Supreme Court opinion which would overturn the Roe v. Wade decision:

“The leak of the draft opinion undermines the rule of law and anyone responsible must be held accountable. This is and always should have been a state issue. I am pro-life and I will enforce and defend the laws as passed by the legislature and signed into law. Josh Kaul has demonstrated he is nothing more than a politician seeking to defend the laws he agrees with and virtually ignore laws he disagrees with.” Eric Toney
