**WASHINGTON, D.C.** – Rep. Mike Gallagher (R-WI) today released the following statement on the one year anniversary of President Biden signing the American Rescue Plan into law.

***“One year ago, President Biden signed the American Rescue Plan into law. Today, many Americans are feeling anything but rescued.***

***“Inflation has reached high after high, causing Americans to pay more on everything from the gas pump to the grocery store. The economy has continued to underperform, leaving millions of jobs unfilled. And report after report has demonstrated the extent of the fraud and waste in these exorbitant and unnecessary government programs.***

***“President Biden claimed this bill would give ‘working people’ a ‘fighting chance.’ It’s done anything but. The past year has shown the dangers of reckless government spending, and if my Democratic colleagues don’t work with us to rein things in, things are only going to get worse.”***
