WASHINGTON, D.C. – Rep. Mike Gallagher (R-WI), a member of the House Armed Services Committee and House Permanent Select Committee on Intelligence, released the following statement after Putin brought war to Europe.

“Vladimir Putin is a KGB thug who understands no language except force. He has brought war to Europe because he believes he will secure a quick and decisive victory. Our task is to ensure that he is disappointed, by aiding the Ukrainians who are taking up arms to defend their homeland and imposing economic costs now, not after the inevitable humanitarian disaster. Unfortunately, throughout this crisis—as during the Afghanistan fiasco—the Biden Administration has demonstrated little urgency, creativity, or willingness to admit errors and adapt. The president must change course, or our deterrent posture will continue to collapse, chaos will continue to spread, and eventually no one will trust America’s promises or fear American power.”
