Washington, DC – Today, **Rep. Ron Kind** voted for the *Women's Health Protection Act*. This legislation would make the protections of *Roe v. Wade* the law of the land and ensure access to reproductive health care services for women regardless of where they live.

"Since SCOTUS overturned *Roe v. Wade* and nearly 50 years of precedent, women in Wisconsin are living with fewer freedoms than their mothers and grandmothers had," said **Rep. Ron Kind**. "We cannot go backwards. Personal health care decisions should be made by a woman, her doctor, and her family – not politicians. That's why today, I voted to codify the rights *Roe v. Wade* protected and ensure women across this nation have the ability to make their own choices about their bodies and futures."
