“I am pleased to endorse Mandela Barnes for the U.S. Senate. Mandela has been a strong and effective leader since his time in the state legislature. As Lieutenant Governor, Mandela has been a leader working hard every day for working families. Now, more than ever, we need elected officials who will put people over politics. Leaders who will work hard to fight inflation and help people get healthcare, not those who prioritize divisive politics and peddle conspiracy theories. Wisconsin needs a 2nd working U.S. Senator - and I am confident Mandela Barnes is the right person for the job.”
