WASHINGTON, DC - U.S. Representative Mark Pocan (WI-02) issued the following statement in response to President Biden's first State of the Union address:

"President Biden is right, the state of our union is strong.

"Since taking office, President Joe Biden has made significant strides to create jobs, vaccinate the world, invest in infrastructure, open schools, lower unemployment, address the climate crisis, and more. By leading with compassion, integrity, and strength, the Biden Administration is building a better America and getting our country back on track.

"I look forward to joining the president tomorrow on Air Force One as we travel to Superior, Wisconsin to highlight how the historic infrastructure law will benefit my home state."
