MADISON, WI - U.S. Representative Mark Pocan (WI-02) sent a letter to U.S. Attorney General Merrick Garland today urging him to investigate the ten individuals who fraudulently claimed to be electors from Wisconsin in an attempt to overturn the 2020 election.

“When individuals lie and commit fraud about our elections and get away with it, it shatters the most basic levels of trust we have in our democracy,” Rep. Pocan said. **“I urge Attorney General Garland to investigate these individuals in Wisconsin and any of the individuals in six other states who tried to connive their way into overthrowing an election by impersonating a member of the electoral college.”**

Representative Pocan will be introducing legislation soon that will make this kind of election fraud a specific criminal violation for all future elections
