WASHINGTON, DC - Congressman Bryan Steil (WI-01) released the following statement on President Biden's State of the Union Address.

"President Biden's speech tonight failed to offer real solutions to the problems Americans are facing. Runaway government spending is driving inflation. An open border is bringing deadly drugs like illicit fentanyl to our communities. Misguided energy policies have increased gas prices and made us more dependent on foreign oil. We need to change course and get our lives back to normal."
