OSHKOSH - U.S. Sen. Ron Johnson (R-Wis.) issued the following statement after Biden's remarks on Ukraine:

"For America and the world to be safe, America must be strong. Everything that President Biden has done since taking office has weakened America. From canceling the Keystone XL Pipeline and waiving sanctions on the Nord Stream 2 Pipeline, to open borders leading to a record flood of illegal immigrants and reckless and out of control spending that has sparked 7.5% inflation, and the dangerous and embarrassing withdrawal from Afghanistan. All these actions have weakened America, and our enemies have noticed. They are taking advantage of the Biden administration's weakness."
