“On behalf of the Warhawk family, I’d like to extend my deepest appreciation to President Tommy Thompson for his service to the UW System and the state of Wisconsin. He has led the System through one of the most challenging times in our history with unmatched energy and passion. We couldn’t have asked for a more enthusiastic champion of UW-Whitewater and the state universities as a whole — someone who fundamentally understands our collective educational, economic, and cultural impact and fiercely promotes our contributions. His tireless advocacy and efforts to provide the universities with resources to carry out our unique missions have been critical to the success of our students and will be felt for years to come. And we will always remember his embrace of the Warhawk Strut!”
