RAIRIE DU CHIEN, WI -Derrick Van Orden thanked his thousands of supporters for their tireless efforts throughout the primary process tonight, and [set the stage for what is at stake in November](#). While Americans are facing the highest inflation in 40 years, an open border, and a crime wave sweeping the country, the Democratic Party just voted for the handpicked rubber stamp career politician candidate who supports all of these terrible policies.

## **Van Orden released the following statement:**

*"I want to thank the thousands of supporters around the district who have worked so hard to get us to this point. Your efforts are truly humbling and Sara Jane and I appreciate them immensely.*

*But, here is the Deal: The real campaign starts today.*

*The Democratic Party has had complete control over the government for the last 2 years and have wrecked our economy, opened the border leading to massive amounts of drugs flowing into the country, abandoned Americans to terrorists in Afghanistan, and weaponized the DOJ against parents at school board meetings.*

*My opponent Brad Pfaff has never had a job outside of politics and enthusiastically supports President Biden and Pelosi's radical policies and spending that are destroying America in real time.*

*Wisconsinites have had enough. They want new leadership, someone who is not a career politician and will be a strong leader in these hard times.*

*It is time to change who we are sending to DC.*

*I will stand up to Joe Biden and Nancy Pelosi, work tirelessly to improve the lives of everyone in this district, and help Right this Ship.”*
