Greenleaf, WI - Today, the Wisconsin Dairy Alliance and Venture Dairy Cooperative proudly endorsed Eric Toney for Attorney General.

“Wisconsin, and its farmers are in need of new leadership at the Wisconsin Department of Justice. We need an Attorney General who follows the law and does not use his position to pursue his anti-agriculture agenda. We need an Attorney General who is interested in applying laws fairly, working with farmers when improvements are needed, not seeking a headline and retribution,” said Cindy Leitner, President of Wisconsin Dairy Alliance.

“It’s clear Eric cares about farmers. He’s demonstrated that he understands the importance of the dairy industry and is willing to take time to actually understand what farmers do,” continued Leitner.

“The Attorney General is one of the most important races for farmers. We need someone in that position to rein in state agencies and require that they comply with the law, just as farmers are expected to comply. Josh Kaul has sided with anti-agricultural activists time and time again. We need an Attorney General who isn’t just interested in putting farmers in a headline for political gain and one that will work with farmers, and not against them,” said Kim Bremmer, Executive Director of Venture Dairy Cooperative.

Eric Toney faces off against Josh Kaul on November 8th.
