

# Wisconsin Truth PAC ad says Barnes wants to raise taxes on working families

Posted on Wednesday, Nov 2, 2022

The Wisconsin Truth PAC is up with a new ad saying Barnes supports raising taxes for working families.

The group was poised to spend nearly \$2 million over the final week of the race. The spot opens with couples looking over bills together.

“Americans struggling to pay their bills,” a voice-over says. “Yet Mandela Barnes supports a tax increase on working families. How could he?”

The spot shows people in black suits walking in unison as the voice-over says Barnes “hiring an army of 87,000 new IRS agents.”

“That’s terrifying. Mandela Barnes: higher taxes and IRS audits for you, unpaid taxes for him. Remember that on Election Day,” the voice-over says.
