MADISON, Wis. - Thanks to Governor Evers allocating millions of dollars to small businesses, community organizations, and public safety initiatives, President Biden's American Rescue Plan continues to invest in neighborhoods across Wisconsin.

This week, Governor Evers invested \$2.2 million in public safety in Milwaukee and directed an additional \$10 million to Wisconsin's meat processors, who are critical to our state's agricultural industry.

As communities use these funds to recover from the pandemic and support their local economies, voters across the state will not forget that every Republican in Congress voted against this pandemic relief - once again proving that Wisconsin Republicans prioritize their ultra-MAGA agenda over the families they're supposed to represent.

See how President Biden and Governor Evers are continuing to deliver for communities across Wisconsin:
