MADISON, Wis. - In response to Senator [Ron Johnson admitting the changes he made to the 2017 GOP Tax Scam bill benefitted his company](#) and that of his wealthiest donors, **Democratic Party of Wisconsin Chair Ben Wikler released the following statement:**

“Ron Johnson now admits that his tax policy benefited himself and his biggest donors. One exposé found that three mega-donors walked away with \$200 million in a single year thanks to Johnson, and he won’t say how much he took home personally. Wisconsinites deserve a Senator who will focus on lowering costs for them - not Ron Johnson who wants another six years in the Senate so he can continue his self-serving agenda of enriching himself and his biggest donors.”
