MADISON, Wis. - In response to Ron Johnson once again dismissing the violence law enforcement faced on January 6th from armed insurrectionists, **Eric Larsen, former Deputy Chief of Eau Claire Police**, released the following statement:

“Senator Ron Johnson is completely selling out our law enforcement officers and dismissing the violence they faced on January 6th from the armed insurrectionists. He can try to rewrite history all he wants, but the truth is we know his loyalty lies with those who tried to overthrow the government, not those in our law enforcement community.”
