**MADISON, Wis.** — It's been four months since *Roe v. Wade* was overturned and Ron Johnson is still [celebrating](#) Wisconsinites losing their right to make their own medical decisions.

"Ron Johnson has spent his entire career working to strip away Wisconsinites' reproductive freedoms," said **Democratic Party of Wisconsin Senate Communications Advisor Philip Shulman**. "Johnson's dangerous and out-of-touch priorities are exactly why Wisconsinites are going to vote him out of office in November."

Here are the facts on Johnson's Anti-Choice Record:

- Johnson cosponsored eight national abortion bans, [including one that made no exceptions for rape, incest, or the life of the mother.](#)
- Johnson called *Roe v. Wade* being overturned "[a really good decision,](#)" and bragged that he "[confirmed the justices that handed down that correct decision.](#)"
- Johnson is so out of touch, he said Wisconsinites [can move](#) if they don't like the abortion laws in their state, and that the repealing of *Roe v. Wade* might be a "[little messy.](#)"
