MADISON, Wis. - With less than a month until the general election, Ron Johnson is in full panic mode over his dangerous anti-choice record and is [trying to rewrite history](#).

But here are the facts:

1. Johnson [cosponsored a federal abortion ban](#) that made no exceptions for rape, incest, or the life of the woman.
2. Johnson has [supported eight national abortion bans](#) and has left open the possibility for future national abortion bans.
3. Johnson called the Supreme Court's decision to overturn *Roe v. Wade* a "[victory](#)" and [bragged about confirming the justices who handed down the decision](#).
4. Johnson has been so callous about the impact of Wisconsinites' losing their reproductive freedoms he's said they "[can move](#)," if they don't like the abortion laws in their state, that the repealing of *Roe v. Wade* might be a "[little messy](#)," and that the decision was not a "[huge threat to women's health](#)."
