Madison, Wis. - [In a new interview this morning](#), Ron Johnson bragged about his role in stripping reproductive rights from Wisconsinites, saying [“I’m fully supportive of what the Supreme Court did. I obviously confirmed the justices that handed down that correct decision.”](#)

“Ron Johnson is bragging about his role in stripping Wisconsinites of their right to make their own medical decisions. Wisconsin voters aren’t going to forget that when it counted, Johnson not only sold them out, he bragged about doing so,” said Democratic Party of Wisconsin Senate Communications Advisor Philip Shulman.

Johnson has long advocated for overturning *Roe v. Wade*, knowing full well that doing so could trigger Wisconsin’s 1849 abortion ban.
