MADISON, Wis. — Following today's announcement that President Biden [will travel to Milwaukee, Wisconsin on Labor Day](#), **Democratic Party of Wisconsin Chair Ben Wikler** released the following statement welcoming the president to the state:

"Joe Biden is the most pro-worker, pro-union, and pro-job president of our lifetime. From the American Rescue Plan and the Bipartisan Infrastructure Law to the recently-enacted Inflation Reduction Act, President Biden has worked alongside Democrats in Washington and Madison to create thousands of good-paying jobs across the Badger State—all while Wisconsin Republicans try to block that progress.

"While extremists like Tim Michels and Ron Johnson turn their back on Main Street businesses and working families to enrich large corporations and wealthy donors, President Biden and Democrats are working together to create an economy that works for working Wisconsinites—and we're going to make sure voters know that before November."
