The Wisconsin Department of Transportation (WisDOT) is seeking a public input on improvements to resurface US 14 from Oak Street in Arena to Walter Road in Mazomanie. Construction is currently scheduled for 2025.

A presentation and materials detailing the US 14 project are available to view on the project website at wisconsindot.gov and search "US 14 (Oak Street to Walter Road)" and select the first link. [Direct link: wisconsindot.gov/Pages/projects/by-region/sw/us14-mazomanie/default.aspx]

In addition to resurfacing the US 14 pavement, upgrading guardrail, and new pavement markings, the project will extend a box culvert just west of Arena and replace a wingwall on a box culvert west of Mazomanie.

US 14 will be constructed under flagging operations. Access will remain open to all local residences and businesses.

All persons interested in the project are encouraged to view the website and provide input by contacting project staff via email, postal mail, or phone. Your comments will assist us in developing a project that will serve the needs of the traveling public and community. Your input is welcome and appreciated. Please return submit your comments by February 26, 2022. Questions and comments can be directed to WisDOT Project Manager Steve Porter at Steve.Porter@dot.wi.gov, (608) 243-3366, or mailed to the WisDOT Southwest Region, 2101 Wright Street, Madison, WI 53704.
