Did @AOC just endorse Lt Gov Mandela Barnes on Instagram? Sure looks like it.

It is no surprise that AOC wants the far-left Barnes on her “Squad” since he [supports](#) “most of the policy items listed by Ocasio-Cortez.” The AOC agenda includes:

- [Democratic Socialism](#) as the new form of government, which would result in

abolishing capitalism and ending private ownership of a wide range of industries.

- The [Green New Deal](#), which would [cost](#) trillions of dollars, further spike energy costs, mandate organic farming, and cost dairy farms \$2,000 per cow.
- [Abolishing ICE](#), which would eliminate funding to our out-of-control border crisis. Barnes even proved his support by [posing](#) with an 'Abolish ICE' t-shirt.
- [Medicare For All](#) and the creation of a single-payer health plan, which would increase the federal budget by [\\$32.6 trillion](#) over ten years.
- [Packing the Supreme Court](#) as a means to rubber stamp their radical agenda through the judicial branch.
- [Defunding the police](#) while crime rates are [rising](#) in Wisconsin and nationwide.
- [Tuition-free college](#), which would cost taxpayers a total of [\\$800 billion](#) over an 11-year period.

“AOC would happily invite Mandela Barnes to join her ‘Squad,’ as he is a staunch supporter of her radical policies that are out of touch with Wisconsin. In November, Ron Johnson will be the only safeguard between common-sense policy and the far-left movement that will destroy America.” – Republican Party of Wisconsin Rapid Response Director Mike Marinella
