Wisconsin's 4-day statewide antlerless-only hunt is officially underway, and will run through Sunday, Dec. 10.

**Only antlerless deer** may be harvested during this hunt, regardless of weapon type. Hunters may use any unfilled antlerless harvest authorization during this hunt, but the authorization must be used in the zone, county and land type designated on the harvest authorization

Archery and crossbow seasons remain open statewide through Jan. 7, 2024, and extend until Jan. 31, 2024, in metro subunits and in deer management units with extended archery and crossbow seasons.

All hunters (except waterfowl) must wear high-visibility orange/pink on 50% of the outermost clothing above the waist and head (if wearing a hat), even if using a bow or crossbow.

Hunters are encouraged to [double-check the regulations](#) for information on the hunting seasons offered in their area.

## **Deer Harvest Registration**

All harvested deer must be registered electronically by 5 p.m. the day after the deer is recovered. The fastest and most convenient way to register your deer is through the [GameReg](#) system. The system will prompt hunters to answer a series of questions. The unique harvest authorization number associated with each permit is required.

Hunters have three options to register their deer:

- Online through [GameReg](#).
- By phone at 1-844-426-3734.
- [Electronically at a participating in-person registration station](#).

Proper registration provides accurate harvest data for DNR wildlife managers and [County Deer Advisory Councils](#) for the management of deer in Wisconsin.

Good luck this weekend!
