The Wisconsin Department of Transportation (WisDOT) will host two public involvement meetings to discuss the Madison Beltline Planning and Environment Linkages (PEL) Study. The meetings will provide an update on the status of this ongoing study and gather public input on draft strategy packages to address long term safety, accessibility, operational, and infrastructure concerns on approximately 20 miles of US 12/14/18/151 (Beltline) between Middleton and the Town of Cottage Grove.

The meetings will take place:
