MADISON, Wis. – Justice Rebecca Frank Dallet made the following statement today:

“The majority of justices on the Wisconsin Supreme Court voted today to advance a number of transparency and accountability measures. First, we have made a series of rules and operating procedures changes to make Court decision-making more inclusive, timely, and responsive.

“Second, we are committed to making all orders more readily accessible on our website.

Third, we have voted to re-open our administrative conferences. And fourth, we will be announcing the creation of a bipartisan task force to study the issue of recusal and to present us with recommendations.

“This initial series of actions is intended to be a first step in making our court more accessible and more accountable to the people of Wisconsin.”
