The Libertarian Party of Wisconsin (LPWI), in partnership with the People's Party and the Wisconsin Green Party, will co-conduct an anti-war peace march in Milwaukee, Sunday, February 19th. The rally of peace advocates will take place from 11 AM to 11:20 AM, near the Peace Action office building at 1001 E. Keefe Avenue and up to N. Weil Street.

For the peace, amity, and safety for all people, this coalition of common hopes to stop aggression, militarism, violence, and war—around the globe—unites the attendees in the philosophy and practice of non-coercive, non-violent politics and policies by governments everywhere. As the rally happens on the street outside, Peace Action will show a simulcast live-stream of the “Rage Against the War Machine” anti-war peace rally in Washington, D.C., also hosted by the Libertarian Party USA.

For its part, the Libertarian Party of Wisconsin, chaired by Operation Iraqi Freedom-veteran and Wisconsin National Guard-veteran, Mr. Jacob VandenPlas, requires all members to sign a pledge that states, “I certify that I oppose the initiation of force to achieve political or social goals.”

While absolutely against unprovoked aggression by all nation-states, in its principles and philosophy, the LPWI asserts the rights of all individuals and communities to the acts and means of self-defense, to protect their families and homes from any threats, violence, hostility, and criminal acts from wherever they originate. In a world rapidly engaging in its self-destruction through conflict and war-centered politics, the Libertarian Party of Wisconsin stands with its peace rally partners hoping to provide a united effort to end militarism and war, and bring peace on earth and good-will toward all humankind.
