WISCONSIN-MAY 4-Statement from Tanya Atkinson on hearing on AG lawsuit:

“Planned Parenthood Advocates of Wisconsin is grateful to Attorney General Josh Kaul for his continued leadership in fighting for reproductive freedom.

Wisconsin’s criminal abortion ban and legislative barriers to reproductive freedom harm the ability to provide and receive health care across the state. Today’s hearing is an important step in restoring abortion access.

We support all legal and legislative options to restore abortion access in Wisconsin. PPAWI will continue to work with elected leaders who share our values on reproductive health, and PPWI is prepared to resume abortion care if a court or legislative action allows for it.

Planned Parenthood of Wisconsin is here for patients and communities – and will never back down until people have access to the reproductive care they need, including abortion.”
