MADISON – Today, Governor Tony Evers delivered his fifth State of the State address. The Governor outlined his plans to maintain our economy's momentum, bolster our state workforce, and expand affordable childcare.

Representative Hong (D-Madison) released the following statement:

"I am thrilled that once again, Gov. Evers has kicked off the legislative session by listening to the needs of the people of Wisconsin. From investing in our main streets by reigniting our small businesses to fighting for public education, his administration has presented comprehensive solutions to the complex problems facing our state these past four years.

Now, Gov. Evers has outlined his vision for the next four. I am certain that his robust plan to strengthen our workforce and bolster our economy by investing in education, caregiving, infrastructure, and so much more will set Wisconsin up for success."
