**MADISON, Wis.** – Today, Republican National Committee (RNC) Chairwoman Ronna McDaniel announced Wisconsin as the first state buildout for “Bank Your Vote,” and launched the State Leadership Team. [Bank Your Vote](#) encourages voters to pledge to “bank” their vote before Election Day.

Ahead of 2024, the Bank Your Vote operation is leveraging the full infrastructure of the RNC, the Republican Party of Wisconsin, and our historic investments in our data driven ground game to encourage, educate, and activate Republican voters on when, where, and how to lock in their votes as early as possible. In addition to staff and our statewide volunteer network, Wisconsin will have a state-specific voter resource page on [BankYourVote.com](#), which will include pre-Election Day voting processes, links to state government sites where voters can request their ballot directly, and digital reminders for voters on all applicable pre-Election Day voting options.

“To beat Joe Biden and Democrats like Tammy Baldwin in 2024, we must ensure that Republicans bank as many pre-Election Day votes as possible in Wisconsin. The RNC is proud to work with Republican leaders across the state to encourage voters to Bank Your Vote and deliver Republican victories up and down the ballot next November.” – **RNC Chairman Ronna McDaniel**

Building on our absentee return rate, early in-person voting, and ballot harvesting success in 2022, Republicans must now improve on our overall number of pre-Election Day voters to ultimately secure victory in 2024. A crucial part of getting Republican voters to become pre-Election Day voters will be ensuring voter confidence in elections through our continued Protect Your Vote efforts. In 2022, we had over 5,000 Poll Worker shifts and more than 1,300 Election Observer shifts

across Wisconsin to Protect Your Vote.

“The road to winning back the White House and the U.S. Senate begins here in Wisconsin. Encouraging Wisconsin conservatives to ‘Bank Your Vote’ early will ensure Republican candidates reach more voters than ever before. As Chair, I have made it a top priority to get Wisconsin Republicans to use every tool in the toolbox, especially early voting; a crucial effort that will also strengthen our ground game and help Republican candidates reach more low propensity and swing voters.” - **Wisconsin GOP Chairman Brian Schimming**

“We need to take America back and we can only do that by beating the Democrats

at their own game. I'm proud to join the RNC's leadership team in the Badger State to encourage and educate voters on the importance of voting early and the need to widen the net statewide. Wisconsin will make the difference in 2024 and if we want to make sure Joe Biden is a one term president, flip the senate, and expand our majorities in the house, then Wisconsinites must 'Bank Your Vote.'" - **Congressman Derrick Van Orden**
