MILWAUKEE – Last week, U.S. Sen. Ron Johnson (R-Wis.) attended the RNC’s first primary debate in Milwaukee. Sen. Johnson appeared with [Sean Hannity](#), [Sean Spicer](#), [John Solomon](#), and the cast of the [RUTHLESS](#) podcast in order to lay out the corrupt business dealings of the Biden family and the scandal of federal law enforcement covering for them.

Watch the highlights [here.](#)

On federal law enforcement covering for Biden family corruption

“We have three scandals here: we have the scandal of the corrupt Biden family. Then we have corruption of our federal law enforcement covering up for Hunter. Now we got whistleblowers from the IRS investigation. The fact that the FBI was pre-sabotaging the revelation that the Hunter Biden laptop existed by giving Senator Grassley and I a defensive briefing, unsolicited, saying we were targets of Russian disinformation to smear us later on. That’s the second scandal. But probably the most serious scandal, literally, is the complicity and corruption of the media. If we had an unbiased media that’s holding both sides equally accountable, and I’m not looking for a cheerleading media, I’m just wanting a media that is inquisitive, that will hold both sides accountable, you wouldn’t have the corruption in the FBI, you wouldn’t in the Department of Justice or our intelligence services.”

On the importance of Congressional oversight and exposing the truth

“We are the people’s representatives. The public has a right to know what these

government employees, what these government services are doing on our dime, and right now, the bureaucrats, they feel no compunction whatsoever to comply with congressional oversight and tell the people the truth.”

On the numerous lies told by Joe Biden

“Well, first of all, we know that Joe Biden is a liar ever since he plagiarized a British politician back in the earlier presidential campaign. We know that he talked to Hunter about his overseas business deals. Senator Grassley and I revealed that in our report. So Joe Biden is a proven liar. His corruption is obvious. The corruption of his family is obvious. The conflicts of interest in Ukraine and Burisma is obvious. It’s just not obvious to the media. It probably is. I don’t know how much more evidence is going to be required. But again, because of the good work of Jordan and Comer and Solomon and the foundation that Grassley and I laid down, we’re starting to piece together that evidence and it’s going to at some point in time become so obvious, even the corrupt and complicit media will have to admit it and start reporting on all this. Honestly, that hasn’t happened yet.”

On evidence that Joe Biden is a compromised President

“We pretty well laid out the fact that he has this vast web of foreign financial entanglements, tied his brother, his sister-in-law, obviously Hunter, it sure looked like the millions of dollars flowing back and forth between all these different governments could certainly, potentially compromise a United States President.”
