Madison- Senate Majority Leader Devin LeMahieu (R-Oostburg) released the following statement on the release of the co-sponsorship letter for LRB 2151 and 2432.

**“There are deeply held beliefs on both sides of the abortion debate. Unfortunately, the Governor is only willing to entertain legislation that allows broad access to late-term, elective abortion.**

**Making a snap decision announcing his intention to veto a bill that would provide an exemption to Wisconsin’s abortion ban for rape, incest, and the health of the mother makes clear that politics, and not the well-being of Wisconsin’s mothers is the Evers administration’s priority.**

**This is not a topic to use as a political football. It takes careful consideration; speaking to our constituents and our families.**

**Further discussion on this specific proposal is unnecessary. The bill will not be considered on the floor of the Senate.”**
