“Every child deserves a great school. It shouldn’t matter where they live. Senate Bill 330 helps to make sure that’s the case. From increasing the low revenue ceiling for public schools to \$11,000 per student, to expanding educational options for kids, this bill gives children the chance to attend the school that best educates them.

“At the end of the day, as *Brown v Board of Education* says, a child cannot succeed in life without a good education. And that’s what this bill is all about - making sure every child has the chance to succeed no matter their zip code.”
