“Today’s speech was just that – a speech. And his budget proposal is just that – a proposal. If Governor Evers truly wants to work together, I’m all ears, but even Governor Evers knows that many of his so called “wonderful” ideas are complete non-starters. Seriously, who other than Governor Evers thinks that raising taxes by at least \$1 billion when you have a \$7 billion surplus is a good idea?

“Over the next several months, the Legislature will craft a budget that funds Wisconsinite’s priorities, provides meaningful and substantial tax relief, and leaves Wisconsin’s budget in a good position for the future.”
