WASHINGTON, DC - Congressman Scott Fitzgerald released the following statement in response to the indictment of former President Trump:

“The indictment of former President Trump is just the latest of the weaponization of government against conservatives, **said Congressman Scott Fitzgerald.** Radical District Attorney Alvin Bragg, who is best known for charging a bodega clerk with murder for defending himself, has largely ignored Congress and abused his office to seek a political prosecution of the former President, rather than focus on the rampant violent crimes in his own backyard. Bragg’s latest political stunt is outrageous and unbecoming of his office.”
