WASHINGTON, DC – Today, Rep. Scott Fitzgerald (WI-05) issued the following statement in response to the passage of H.R. 2670, the *National Defense Authorization Act for Fiscal Year 2024*, which included an amendment proposed by Rep. Fitzgerald.

“I am proud to have helped pass the FY24 National Defense Authorization Act—a crucial piece of legislation to protect our national interests and the servicemembers who bravely keep us safe,” said Rep. Fitzgerald (WI-05). “This year’s NDAA includes a number of important proposals to boost servicemember pay and benefits, counter and deter Chinese aggression, and end politically charged ideology. I proposed, and passed, an amendment to that end to require DoD operated elementary and secondary schools to publish their curriculum online. It’s an important step toward curriculum transparency and empowering parents, and I’m pleased to see it included in the final bill text.”
