WASHINGTON, D.C.- Select Committee on the CCP Chairman Mike Gallagher (R-WI) and Ranking Member Raja Krishnamoorthi (D-IL) today released the following statement regarding the suspected Chinese spy balloon flying over the United States.

“The Chinese Communist Party should not have on-demand access to American airspace. Not only is this a violation of American sovereignty, coming only days before Secretary Blinken’s trip to the PRC, but it also makes clear that the CCP’s recent diplomatic overtures do not represent a substantive change in policy. Indeed, this incident demonstrates that the CCP threat is not confined to distant shores—it is here at home and we must act to counter this threat.”
