**GREEN BAY, WI** — Representative Mike Gallagher (R-WI) today released the following statement after President Biden's visit to Wisconsin.

***"Wisconsinites aren't buying what the President is selling because they can't afford it. Across the state, "Bidenomics" has crushed the pocketbooks of hardworking Wisconsinites and made everything from groceries to gas to homeownership more expensive. If anything, I hope President Biden leaves Milwaukee with a healthy dose of Wisconsin common sense and starts working with House Republicans on ways to unleash American energy and lower costs for Americans."***
