PRAIRIE DU CHIEN, WI — Ahead of Joe Biden's trip to Milwaukee to tout his "*Bidenomics*" agenda, Congressman Derrick Van Orden released the following statement slamming the president's keystone legislation for failing Wisconsinites over the last two years.

"Joe Biden has failed families across the Third Congressional District. Right now, families are shelling out an [extra \\$10,000 a year](#) to meet the demands of inflation thanks to the tax-and-spend policies championed by Biden and his party. While Democrats claim they can fix the economy they broke, the reality is that Wisconsinites were better off four years ago than they are today - and they'll remember that fact when they head to the ballot boxes next year."
