WASHINGTON, D.C. – Today, U.S. Senator Tammy Baldwin released the following statement on the Supreme Court decision in the *303 Creative LLC v. Elenis* case.

“This is about fairness and freedom – about whether LGBTQ+ Americans deserve fairness and freedom to be treated just like everyone else. It is simply wrong to discriminate against any American based on who they are or who they love, and Americans agree. This decision is a step backward in our fight to live up to our nation’s ideal of equality, but we cannot let this activist Supreme Court have the last word. I am more committed than ever to fighting to ensure every American can live freely and without discrimination.”
