MADISON, Wis. — As Wisconsinites continue to live under an archaic 1849 near-total ban on abortion nearly a year after the Supreme Court overturned *Roe v. Wade*, here's a reminder of potential GOP Senate candidate Eric Hovde's ([R-Laguna Beach](#)) radical agenda to restrict reproductive freedoms nationwide and in Wisconsin:

- Hovde is "[100% pro-life](#)" and "oppose[d] legalized abortion"
- When he last ran for Senate, Hovde was [endorsed](#) by a far-right anti-abortion group pushing to make abortion "[legally unacceptable](#)" and [said](#) Hovde "indicated strong support for federal right-to-life issues, should he be elected"

"California Hovde should keep his ultra-MAGA agenda to roll back reproductive freedoms out of Wisconsin. His 100% pro-life plan to oppose legalized abortion is dangerous and is exactly the type of extremist politics that Wisconsinites will reject if Hovde moves back here to run for Senate," **said Democratic Party of Wisconsin Rapid Response Director Arik Wolk.**
