**MADISON, Wis.** — Democratic Party of Wisconsin Executive Director Devin Remiker issued the following statement welcoming First Lady Jill Biden to Wisconsin ahead of her visit today:

“As someone who recently lost a loved one to cancer, I know firsthand how critical early detection and cancer screenings are to beating the disease. Exact Sciences is at the forefront of eradicating cancer as we know it, and by bringing awareness to their life-saving work, Dr. Biden is helping to improve the lives of countless Wisconsinites. For her commitment to defeat cancer and her steadfast support for Wisconsin educators, we at the Democratic Party of Wisconsin are always proud to welcome the First Lady back to the Badger State.”
