Madison, WI — Americans for Prosperity–Wisconsin (AFP-WI) released a new round of digital ads across the state on Monday encouraging Wisconsinites to support Tom Tiffany for governor in 2026.

AFP-WI has endorsed Tom Tiffany because he offers the best chance fix the mess from Gov. Tony Evers' terrible policies. Those policies have created an affordability crisis for Wisconsinites statewide. Residents are being held back by skyrocketing energy costs, a failing education system, and Gov. Evers' staggering 400-year property tax.

AFP-Wisconsin State Director Megan Novak released the following statement:

“Wisconsin has a choice this election: more government overreach from radical Democrats who will turn us into states like Illinois or Virginia, or leaders like Tom Tiffany who will bring down energy costs, lower property taxes, and be the steady leader Wisconsin needs. With Tom Tiffany as Governor, our state will be one where families and businesses can thrive again.”
