The News: The Wisconsin Institute for Law & Liberty (WILL) has issued a statement in response to the Department of Education's announcement of a Title IX investigation into the New Richmond School District.

The Quote: WILL Deputy Counsel, Cory Brewer, stated, "This is a welcome decision by the Trump Administration to enforce Title IX and protect girls' privacy. For too long, school districts in Wisconsin have allowed policies that force young girls to share private spaces with biological males. The Department of Education should continue to press for full enforcement of Title IX across the state. We have already filed a Title IX complaint against Westosha Central High School and are hopeful the federal investigation into the Sun Prairie Area School District will bring accountability."

WILL's Fight for Student Privacy: WILL has filed Title IX complaints against [Westosha Central High School](#) and the Sun Prairie Area School District ([an investigation opened in 2023 is still pending](#)) following concerns from parents that biological boys were using the girls' private locker rooms and bathrooms.
