**MADISON, Wis.** — Recently, Eric Holder, architect of the Democrats' nationwide gerrymandering strategy through the NDRC, [endorsed far-left judicial activist Judge Chris Taylor for the Wisconsin Supreme Court.](#)

**“Holder’s endorsement exposes Taylor’s true priorities. She’s not running to serve Wisconsinites impartially; she’s backed by national Democrats intent on reshaping our courts to advance their radical agenda,”** stated WisGOP Spokesperson Anika Rickard. **“Eric Holder’s support makes it crystal clear: Chris Taylor stands with the far-left, not with the people of Wisconsin.”**

Holder and his National Democratic Redistricting Committee aren't shy about their goal: turning state supreme courts into super-legislatures that push progressive policies from the bench, bypassing voters and elected lawmakers. Since 2018, NDRC has spent \$2 million to elect Democrats in Wisconsin in their efforts to gerrymander district lines and disenfranchise Wisconsin voters.
