**MADISON, Wis.** - In his State of the Union address tonight, President Trump showcased the concrete results he's delivered for hardworking American families and laid out a bold vision for Congress and our nation in 2026.

**“President Trump continues to fight for Wisconsin workers and families, delivering the largest tax cuts in American history, eliminating taxes on tips and overtime, driving down prescription drug prices, and securing historic investments in rural hospitals,”** stated WisGOP Chairman Brian Schimming. **“These are real, tangible wins that are putting more money back in the pockets of Wisconsinites and strengthening our communities.”**

While Democrats in Wisconsin desperately try to downplay or discredit the President's achievements, everyday people across our state are feeling the benefits: higher take-home pay, more affordable healthcare, and a stronger economy. President Trump's leadership is making a difference, and Wisconsin is better off because of it.
