Rep. Steil's Vote for Devastating SNAP Cuts Costs 6,300 Constituents Their Food Assistance

Kenosha, WI — More than 23,000 Wisconsinites have lost food assistance following sweeping SNAP cuts backed by **Rep. Bryan Steil**, including thousands of his own constituents.

According to the [CBPP SNAP Tracker](#), SNAP participation in Wisconsin dropped by 23,140 people between July 2025 and June 2026.

The latest [congressional district-level data](#) from Co-Equal show SNAP participation in Rep. Steil's district dropped by 6,300 people between January 2025 and April 2026.

Ally Jonas, spokesperson for Americans for Healthy Families Wisconsin.

“Rep. Bryan Steil voted for the devastating SNAP cuts in Donald Trump's ‘One Big Beautiful Bill,’ and families across his district live with the consequences. Already, 6,300 of his constituents have lost SNAP—working families, children, and people with disabilities who rely on it to keep food on the table. With grocery costs still high, these cuts mean more hunger and more families in crisis. Rep. Steil made that choice; families now live with the fallout.”

On July 3, 2025, Rep. Bryan Steil [voted for Donald Trump's “One Big Beautiful Bill,” H.R. 1](#), which enacted the largest SNAP cuts in the program's history — nearly \$187 billion through 2034 — and will cause millions of Americans to lose some or all of their food assistance.

Despite the decline, SNAP remains a critical lifeline across Wisconsin's 1st Congressional District. According to [district-level SNAP data](#), 45,900 households relied on SNAP to help put food on the table as of April 2026. Among households in the district receiving SNAP:

- **83%** have at least one working family member;
- **50%** include someone with a disability;
- **44%** include a child under 18; and
- **33%** live below the poverty line.
