Statement on Final Passage of CBD Use Bill
Senate Bill 10 clears Assembly, Awaits Governor's Signature

“Amen. Finally, a too-long wait to provide families with CBD oil will soon be over. I want to thank the families who have advocated for CBD access tirelessly over the last 3 years. Their patience and persistence has paid off.

“I also want to thank my Assembly colleagues, especially Representative Scott Krug and Speaker Robin Vos, for their support and for passing the bill overwhelmingly. I share of the hopes of thousands across Wisconsin that Governor Walker will sign the bill quickly.”
